A GREAT MANY people brighten their polished floors by wiping them, once or twice a month, with a cloth dipped in milk.

A better way is to use Ivory Soap and lukewarm water. Apply with a soft cloth. Use very little water. Wipe dry with another soft cloth. By following this method you clean your floors as well as brighten them.

REAL CIRCUS MAY COME TO TOWN

Al. G. Barnes' Trained Wild Animal circus may exhibit in Honolulu if Joel C. Cohen will take up a proposition made to him by the management of the circus. Mr. Cohen received a letter yesterday from his San Francisco correspondent in which he stated that Mr. Barnes, although he has his dates pretty well set, would be willing to consider an offer from Honolulu.

Honolulu is a good circus town, for it is not often that the island people have an opportunity to see strange beasts, and Barnes' outfit has a fine collection. It is composed of sixteen animal acts with seven cages and two big steel arenas are required. He carries ten head of performing ponies. There is an elephant comedy act in which three tuskars take part. Seven lions and a bear give a thrilling performance. Six leopards, one giant kangaroo that does a boxing act, a group of performing bears and sealions go to make up several acts. There are also in the show Arabian horses, performing dogs and a "laughing and talking" pony.

Mr. Cohen has a lot of amusement propositions on hand just now and is not certain whether he can take up the circus just yet.

It is reported that Lord may have an opportunity to take some of these off his hands.
